

## ENVIRONMENTAL POLICY STATEMENT

Insituform Technologies Ltd is committed to conducting its business in a manner, which safeguards the environment in which we all live and work.

We commit to:

- Complying with environmental legislation and where practical exceeding those requirements, whilst cooperating with legislative bodies in developing and achieving improved performance
- Continuously improving our environmental performance by setting and reviewing environmental objectives and targets
- Preventing pollution to air, land or water by managing foreseeable hazards to the environment
- Monitoring and reducing the quantity of waste materials generated by our operations
- Monitoring and reducing the consumption of energy where feasible, throughout our operations
- Minimising the use of diminishing natural resources where possible
- Communicating with and training our employees to increase environmental awareness
- Ensuring compliance with our environmental policies and procedures
- Encouraging our contractors and suppliers to implement their own environmental policies and standards that are equal to, or better than our own
- Regularly reviewing and updating this policy in light of new practices or legislation, and bringing those revisions to the notice of all employees
